

# FOIN<sup>®</sup> COTTE DE MAILLES

JAPANESE PANEL Chainex 07 chainmail

registered design

FOIN<sup>®</sup> COTTE DE MAILLES

Ready-to-hang curtain in Chainex\* chainmail. The high quality sheath finish enables a standard rod to be slipped through. This system, ever so simple and elegant, is advised when the rod is to be left visible.

Used as a door curtain or left freely in space, to form a divider through which it is easy to go. It filters out views and makes a play on light, especially when made up of different thicknesses.

Made entirely of stainless steel, it offers excellent properties of resistance, particularly against fire and corrosion.

Material . . . . .	SS 316L
Size** (h x w) . . . . .	250 x 56 cm
Maximum track diameter . . . . .	3 cm
