

# FOIN® COTTE DE MAILLES

TAB-TOP CURTAIN Chainex 07 chainmail

registered design

Ready-to-hang curtain in Chainex 07\* chainmail. Due to its high finish, it can slide along a standard rod. This system, ever so simple and elegant, is advised when the rod is to be left visible.

The medium size of the Chainex 07 chainmail rings gives this curtain a natural drape and makes it particularly suitable for use in architecture. As a curtain in front of an opening or used as a light partition, the partial transparency of the chainmail offers a host of visual effects. Minimum creasing of 20 to 30% is advised according to the desired concealment.

Material . . . . . SS 316L  
 Maximum track diameter . . . . . 3 cm  
 Fire classification . . . . . M0  
 Weight . . . . . 2,2 kg/m<sup>2</sup>
